PROFESSIONAL SUMMARY

Senior Software Engineer with 8+ years of expertise in React Native and React.js, specializing in high-performance mobile and web applications for the BFSI sector. Delivered mission-critical platforms for IDFC First Bank and Axis Bank at Xebia India. Expert in scalable frontend architecture, Redux/RTK state management, and cross-functional team leadership. Awarded Gem of the Month 4 times for delivering defect-free, on-time work. Targeting Senior/Lead Engineer roles at top product companies.

WORK EXPERIENCE

Technical Consultant (Senior Software Engineer)

Oct 2021 – Present

Xebia India BFSI

- Led frontend development for IDFC First Bank Optimus-MSME platform (React Native + ReactJS) — 19 months, zero defects, serving thousands of MSME customers.
- Engineered Axis Bank Bulk Payment Module (ReactJS, TypeScript, Next.js, Node.js) enabling high-volume enterprise B2B transactions.
- Mentored junior developers in advanced React Native, testing best practices and clean architecture standards.
- Awarded Gem of the Month 4 times by IDFC First Bank for outstanding delivery, code quality, and team collaboration.

Software Developer — Team Lead

Jun 2020 – Oct 2021

Kellton Tech Solutions Ltd.

- Led ZEE5 CMS full-stack development (NodeJS, ReactJS, PostgreSQL, Redux-Thunk) for an OTT platform with multi-country content management.
- Built Aakash JEE/NTSE Challenger edtech app with MathML equations, deep analytics and multi-package purchases for 100K+ students.
- Developed Ethnic Khadi India govt e-commerce and Fresh on Table UAE sustainability platform (New Relic monitoring).
- Team lead for 5+ engineers; actively conducted React Native & ReactJS technical interviews.

Sr. Associate Consultant — Team Lead

Sep 2019 – Jun 2020

Oodles Technologies Pvt Ltd.

- Architected React Native apps: LPO (retirement planning), RefiRx (loan bidding marketplace with real-time chat), FGMM (offline-first field app).
- Designed offline-first data sync architecture, a key differentiator for field operations with intermittent connectivity.
- Led and mentored team of 5 engineers, enforcing React Native best practices and review standards.

React Native Full Stack Developer

Apr 2019 – Aug 2019

Igent Digital Solutions Pvt Ltd.

- Built Michael Conlan official fan app + ReactJS admin dashboard with NodeJS REST APIs, MongoDB, AWS deployment.
- Developed Rootsy live events booking platform for Swedish artists (React Native, NodeJS, MySQL/Sequelize, AWS).

Frontend Developer

Mar 2018 – Mar 2019

Antriex IT Services Pvt Ltd.

- Delivered full-stack React Native and ReactJS projects with NodeJS, Mongoose, Sequelize and AWS deployments from scratch.
